Subject: Approval of Notice of Intention to Commence Large Mining Operations and Reclamation Surety, Ash Grove Cement Company, Navajo Sandstone Mine, M/023/0095, Juab County, Utah

Dear Mr. Nelson:

The Division of Oil, Gas and Mining approves the referenced Notice of Intention to Commence Large Mining Operations (Notice). The permitted disturbed area is 19 acres.

Please be advised that you must also acquire approval from the Bureau of Land Management, before beginning mining operations on federally managed land and/or minerals.

Enclosed are copies of the signed and executed Reclamation Contract and surety bond forms for your files. Also enclosed is a copy of the "approved" Notice of Intention to Commence Large Mining Operations for your files. Please keep your plan current by submitting changes using Form MR-REV-att, which is located on the web at [www.ogm.utah.gov](http://www.ogm.utah.gov). The Division's web page under the Mining Program has a link to the rules you are expected to operate under and other information to assist you in complying with program requirements.

I apologize for the delay in issuing final approval. The Division's records indicate the Notice was determined complete and that this decision was advertised, but there is no record that final approval was issued.

Please contact Wayne Western at 801-538-5263 or Paul Baker at 801-538-5261 if you have questions about this action.

Sincerely,

Dana Dean, P.E.  
Associate Director of Mining
